Property Search

Find an Ashford business property or site online by using the property database. Search by property size, type or tenure. Your easy way to undertake a comprehensive search of commercial property in the area.

- [Search the Property Database](#)

If you can not find what you are looking for [email the Economic Development Team](#) to see what other opportunities may be available or coming forward in the future.

While we work with local agents to ensure that our register is as comprehensive and up to date as possible we recommend that you also contact agents direct to advise them of your requirement.
