# Public Transport

Access to public transport is one of Ashford's biggest assets.

As well as an international Eurostar rail link, we have excellent train connections to London and the South East. We are conveniently situated for the UK's two largest airports and just a short hop on the train from major ferry terminals. The borough of Ashford is also served by a thriving bus network.

In this section you will find all you need to know about public transport in Ashford with access to timetables, fares and booking facilities.

## PLUSBUS

The major bus and train operators in Kent have come together to provide a scheme for local residents which enables travellers to buy one ticket to cover their bus and rail journey. PLUSBUS gives you unlimited bus travel around town, at the start, the finish, or both ends of your train journey.

With PLUSBUS you can make as many journeys as you like on all participating bus operators services. You can add PLUSBUS to most train tickets, (single, day return, period return and season tickets), when buying your train ticket at the station - for bus travel at the start of your journey from Ashford or Wye, you will need to buy your ticket in advance.

PLUSBUS not only covers Ashford and Wye but is also available in more than 225 towns and cities across the whole country,(including every rail-served town with a population of more than 90,000).

For more information about the exact zone, which operators participate and how much it

costs, please visit the [PLUSBUS website](#) and enter "Ashford" in the search box.
