

20 JUL 2010

For the attention of Mrs Chivers,

Tenterden and Rural Sites Development Plan Document – Post Hearing Consultation.

In response to your letter of 12th July, 2010, we would like to add the following:

The Regional Strategies bear no significant impact on this matter.

PPS3 deletes the requirement for minimum densities which is likely to reduce the capacity of dwellings on TENT1.

Consequently, in order to ensure dwelling delivery, it would be prudent to identify TENT2 for residential development.

Yours Sincerely,

David and Helen Taylor
