SUPPLEMENTARY REPRESENTATION FROM WEALD OF KENT PROTECTION SOCIETY

We are concerned that it appears that attempts are being made to resurrect the issues surrounding the deletion of TENT2 from Tenterden and Rural Site DPD.

Apart from the reasons set out in our representations of August 2009 we wish to emphasise the visible intrusion into the AONB of a development on this site. It is a site set high with views to the North across from where it would be obtrusive.

In other respects we confirm our earlier representations

Yours Faithfully,

Julian Younger
Vice Chairman, WKPS
