Programme Officer  
Tenterden and Rural Sites DPD - proposed changes to WYE3 Consultation

The Wye Village Design Group (VDG) has studied the proposed changes outlined in the revised text received by us on 28 July 2010.

The Group wishes to support the submissions made by Wye Parish Council and Wye Future Group.

In particular, the Group particularly supports the recommendation to **remove** reference to a development brief and believes a masterplanning approach is appropriate. The Group also wishes to see the policy properly embedded into the DPD process, so that any amended policy is subject to public examination.

Yours sincerely,

Sue Powell  
Secretary, Wye Village Design Group
