Parking Dispensation Permit / Parking Bay Suspension
Application Form

You can apply for a Dispensation Permit which will allow you to park in a place where you would otherwise not be permitted, e.g. for longer than allowed in a time limited area or on a single yellow line.

You can apply to have a parking bay(s) temporarily suspended. This means that it will be reserved exclusively for your use for a designated period of time. Signs will be erected advising other motorists that they cannot park in the parking bay(s). If other motorists do park in the bay(s), we can issue a Penalty Charge Notice (Please note this is the limit of our powers in this respect, we cannot remove vehicles). We will not suspend Disabled Persons Parking Bays unless absolutely necessary.

There must be a valid reason for the Dispensation Permit or Parking Bay Suspension, please see the list below. You cannot have a Dispensation Permit or Parking Bay Suspension simply to allow you to go to work or to park outside your house.

A Dispensation Permit or Parking Bay Suspension will normally be permitted for:

- Building, maintenance, demolition purposes where close proximity to the site is essential
- Furniture Removals
- Funerals - the hearse and chief mourners’ vehicles
- Weddings – the bridal vehicles
- Other circumstances where the council might reasonably regard the requirement to be essential

Applications are processed Monday to Friday. We will assess your request and confirm when your application has been accepted. Until you receive confirmation from the council you should not assume that your request has been granted. If you park before you receive a) your Dispensation Permit or b) confirmation that a parking bay has been suspended a Penalty Charge Notice may be issued. You will receive an email or telephone call for the following:

- Confirming your application has been successful
- Asking you for more information or,
- Advising you why your application has not been accepted
