

Ashford Town Centre Business Grants

Empty Property Grant Policy

April 2025

The intention of this grant is to facilitate and support the occupation of vacant commercial units within the priority areas and within the designated Ashford Town Centre area.

Eligibility Criteria

1. Independent businesses that do not have more than 5 premises across Kent
2. Businesses due to be trading from a ground floor commercial property, that faces onto the highway, within the priority areas (see maps) and is empty at the time of application
3. Businesses that are, or will be, the freeholder or leaseholder of the commercial property (with at least 2 years left on the lease)
4. Individual landlords are eligible to apply for this grant

Work that can be carried out using this funding

Works that may require Planning Applications (such as Listed Building Consent, Advertising Consent or similar) can be considered. Applicants will need to submit their Planning Application, if required, before submitting the grant application. Work therefore within scope of this grant for this period includes:

- External renovations or improvements to front elevations of buildings
- Works to improve the energy efficiency and carbon footprint of the premises
- Internal ground floor fit outs to commercial properties

Levels of Grant

Applicants are required to provide a fully costed quote of the works being proposed. The assessment will consider this and, if successful, applicants will receive a grant equivalent to 80% of the cost of works. The maximum level of grant allowed under this scheme is £10,000.

In exceptional circumstances the council reserves the right to award a higher level of grant where this may be necessary and where there is supporting, and significant additional evidence have been submitted. In exceptional circumstances the council reserves the right to award grants to businesses, where not all the criteria within the

policy are met, but the investment significantly supports the vitality and viability of the town centre.

Forms and evidence required to apply

- A completed application form
- Evidence that:
 - The applicant is the freeholder or leaseholder or where written consent from the landlord to carry out the work, has been obtained and submitted
 - The applicant has the funds available for their share of the overall renovation works (20%)
 - The applicant should demonstrate they have considered the Planning guidance in relation to their project and have submitted a Planning Application where required
 - Details of the proposals for the property and plans for the business and why they are suitable for the building/area
- Fully costed quote(s) for the work
- Recent photos of the property showing its condition
- Details of any grants or funding received from a public authority in the previous three years
- Any further information or evidence required or which the applicant considers relevant

Monitoring and Assurances

The grant will be paid to successful applicants once conditions are met such as (but not limited to):

- The works proposed are due to start imminently and be completed in a reasonable time
- Any permissions such as Planning Permission have been successfully obtained

The condition of payment for this grant will be included in the decision notification sent to the applicant and is discretionary (to be applied on a case-by-case basis). For grant applications requiring a Planning Application, the grant can only be paid if Planning Permission has been received by the applicant.

The council reserves the right to attend the property to monitor the progress of work until the expected end date detailed in the applicant's proposal. The council has the discretion to reclaim the grant funding if the conditions are not met within 6 months of the grant being awarded.

Terms & Conditions

- Quotes for the work must be provided
- Grant applications (and relevant Planning Applications) must be made before the project is completed
- Our staff must be allowed to inspect the works and see all relevant documentation
- This grant scheme can be used in conjunction with the [No Use Empty scheme](#) Kent's empty property initiative
- It is the responsibility of applicants to comply with all relevant regulations and legislation
- It is the responsibility of applicants to check and confirm whether they comply with the Subsidy Control requirements (formerly State Aid)
- Any grant money awarded, must be repaid within 1 year of the payment if:
 - The applicant sells or vacates the property within 12 months of receiving the grant
 - The property is vacant for more than 3 months during the 1 year after the grant payment date
 - Works are undertaken without obtaining the relevant permissions or licences as needed
 - The works are not undertaken
 - Ashford Borough Council reserves the right to withdraw offers and not consider applications which would represent a risk to Ashford Borough Council's reputation or have a proven reputation that would amount to such a reputation being at risk in the future.

Subsidy Control (formerly State Aid)

A subsidy is where a public authority such as a Local Authority provides support to an enterprise that gives them an economic advantage, meaning equivalent support could not have been obtained on commercial terms.

On 4 January 2023, the UK's new subsidy control regime came into force, implementing a new subsidy regulation framework designed for the post-Brexit era. Underpinned by the [Subsidy Control Act 2022](#) (the "Act"), related statutory instruments and government guidance, the new regime aims to grant public authorities the power to design and award subsidies in an agile way while complying with the UK's international commitments on subsidy control.

For smaller value subsidy awards, Minimal Financial Assistance (MFA) allows financial assistance of up to a maximum limit of £315,000 to be made to a single enterprise within a rolling period of three financial years (consisting of the current financial year

and the two previous financial years), without the need to comply with the majority of the subsidy control requirements.

However, MFA requires a written declaration from the beneficiary confirming that the limit has not been exceeded before the subsidy can be awarded. This effectively mirrors the historic EU De Minimis regime but sets the threshold at a fixed sterling amount and at a higher level than previously.

Applicants will therefore be required to provide information and a declaration in relation to subsidies they may have received in the previous three years.

Exclusions to these grant schemes

- Businesses that have already received grant payments that equal the maximum permitted levels of subsidy will not be eligible to receive funding. (See Subsidy Control section above)
- For the avoidance of doubt, businesses that are in administration, insolvent or where a striking-off notice has been made, are not eligible for funding under this scheme.
- This funding should not be used as a wage support mechanism or for projects that are unrelated to securing an active business trading from an empty unit.
- This funding cannot be used to pay for costs directly to Ashford Borough Council (for example Business Rates or rent) or for work to the fabric of properties owned by Ashford Borough Council where the work is the landlord's responsibility.
- Recipients who have outstanding debts with Ashford Borough Council will not be eligible for this grant

Decisions

The funding available for these grant schemes is very limited and the council will likely need to prioritise applications to provide best value for money. Decisions will be taken by a panel monthly. Each round of decisions will prioritise eligible applications based on their location in the town centre (see the priority areas maps), the visual and practical impact of their project as well as the deliverability of their proposal.

Applications will only be taken forward to be decided where all the relevant information and evidence has been submitted by the applicant. The decision to award any grants under this scheme will be taken by a panel chaired by the Deputy Chief Executive of the council. The decision reached by the panel will be final and the council will not consider any appeals submitted. Applicants will subsequently be notified of the outcome of their application. For grant applications requiring Planning, the decision whether to award a grant will be dependent on the approval of Planning Permission. For grant applications that do not require Planning Permission, the decision will be dependent on the content and evidence included in the grant application.

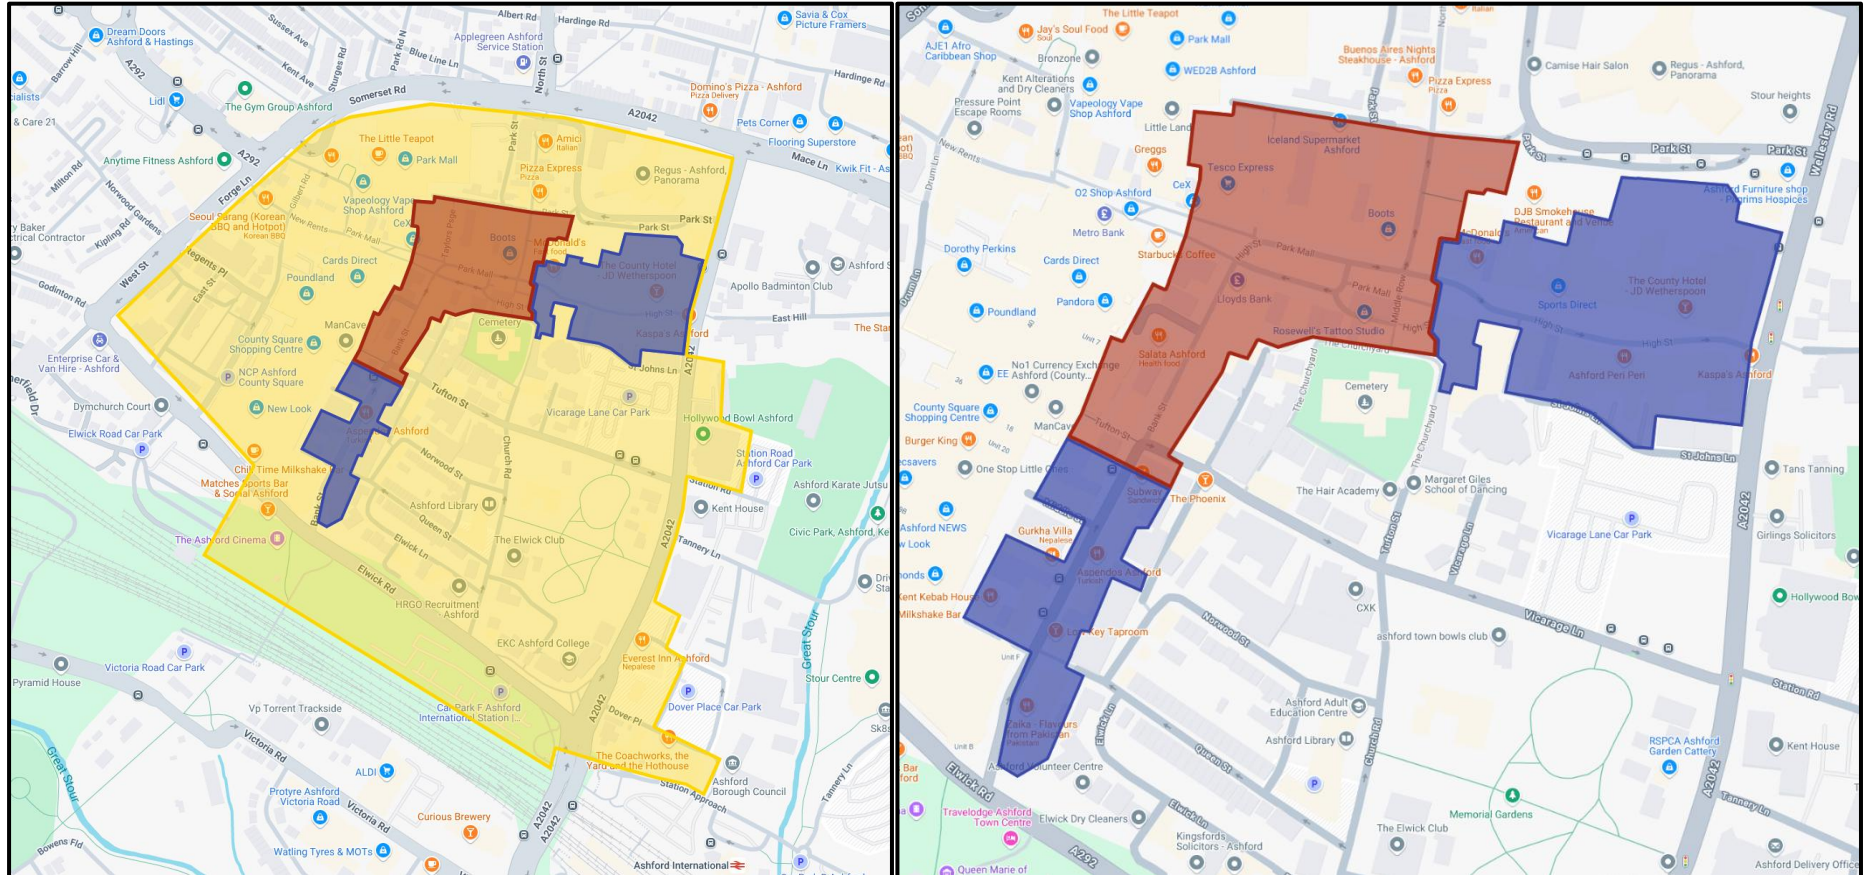

Due to its very limited nature, once the funding is completely allocated there will be no further applications or grants available to interested businesses.

Queries

All enquiries about this grant funding and this policy should contact the Economic Development Team using the email address economicdevelopment@ashford.gov.uk.
