Dear Matthew

22/00668/AS: Installation of a solar farm

Land south of M20, Church Lane, Aldington, Kent

AMENDED/ADDITIONAL PLANS/INFORMATION

Thank you for your recent consultation on the above. The following comments are on behalf of the Kent Downs National Landscape (NL) Unit and as such are at an officer level and do not necessarily represent the comments of the whole Kent Downs NL partnership. The legal context of our response and list of National Landscape/AONB guidance is set out at Appendix 1 below.

On 22 November 2023, all designated Areas of Outstanding Beauty (AONBs) in England and Wales were renamed 'National Landscapes' (NLs). Accordingly, the Kent Downs AONB is now the Kent Downs National Landscape. Its legal designation and policy status remain the same.

Also of note is the changes introduced through the Levelling-Up and Regeneration Act 2023, which came into force on 26/December 2023. The Act amends the Countryside and Rights of Way Act, which is the primary legislation relating to AONBs and replaces the previous Duty of Regard to AONBs set out at S85 with a new, strengthened requirement that:

'In exercising or performing any functions in relation to, or so as to affect, land in an area of outstanding natural beauty in England, a relevant authority other than a devolved Welsh authority must seek to further the purpose of conserving and enhancing the natural beauty of the area of outstanding natural beauty'. (Part 12 - Miscellaneous; Section 245. Protected Landscapes; paras (5) - (10).

This clearly places a much stronger duty on relevant authorities, which includes local authorities, to ensure that their actions and decisions seek to conserve and enhance AONBs, marking a significant change to the legal context of AONB policy.

Beautiful, thriving landscapes that [everyone](#) feels part of.

The Kent Downs National Landscape Team provided comments on this application in a letter dated 30/11/2023. In our response, we raised concerns about potential detrimental impacts on views of the proposal from the Kent Downs, both from the north and south. We requested that the LVIA was updated to include further consideration and representation of the proposal in selected views from the Kent Downs and we welcome the inclusion of this in the LVIA Update.

With regards to the photomontages prepared for views looking from the north southwards to the site, the images shows that the proposed array would be barely perceptible and will largely be absorbed into the landscape. The photomontage prepared from PROW AE496 demonstrates however that there would be more of an impact from this direction, partly as a result of the closer proximity and partly due to the fact the array would be facing the receptor. While mitigation planting would help reduce impacts by Year 10, by effectively screening the array on the east side of Church Lane, the array on the west side of Church Lane, on Bested Hill, would remain apparent in views, due to the higher topography of this part of the site. We consider the magnitude of impact to be underassessed from this viewpoint in the LVIA Update.

However, in view of the distance from the National Landscape boundary and relatively limited visibility of the proposal from the Kent Downs NL to the south, it not considered that the proposal would result in significant or unacceptable impacts on the setting of the Kent Downs National Landscape.

I hope this is of assistance to you. I would be happy to discuss further if this would be helpful.

Yours sincerely

Katie Miller
Planning Manager, Kent Downs National Landscape Unit

APPENDIX 1

Planning consultations with the Kent Downs National Landscape Unit

Background and context:

The Kent Downs National Landscape partnership (which includes all the local authorities within the National Landscape) has agreed to have a limited land use planning role. In summary this is to:

- Provide design guidance in partnership with the Local Authorities represented in the National Landscape.
- Comment on forward/strategic planning issues—for instance Local Development Frameworks.
- Be involved in development management (planning applications) in exceptional circumstances only, for example in terms of scale and precedence.
- Provide informal planning advice/comments on development control (planning applications) at the request of a Kent Downs National Landscape Joint Advisory member and /or Local Authority Planning Officer.

The Countryside and Rights of Way Act 2000

The primary legislation relating to AONBs is set out in the Countryside and Rights of Way Act 2000. Section 85 of this Act, as recently amended by the Levelling Up and Regeneration Act, requires that in exercising any functions in relation to land in an AONB, or so as to affect land in an AONB, relevant authorities, which includes local authorities, must seek to further the purpose of conserving and enhancing the natural beauty of the AONB. Compliance with this requirement can be demonstrated in part by testing proposals against the policies set out in the Kent Downs AONB Management Plan and its supporting guidance (see below).

Relationship of the AONB Management Plan and Development Management

The CRoW Act requires that a management plan is produced for each AONB, and accordingly the first Kent Downs AONB Management Plan was published in April 2004. The third revision Management Plan (2021-2026) has been formally adopted by all the local authorities of the Kent Downs. The Management Plan may be viewed on the Kent Downs website.

<https://explore-kent-bucket.s3.eu-west-1.amazonaws.com/uploads/sites/7/2021/11/16141210/The-Kent-Downs-AONB-Management-Plan-2021-2026-Adopted.pdf>

Under the CRoW Act, the Management Plan is required to 'formulate the (Local Authority) policies for the management of the AONB and for carrying out their functions in relation to it'. The policies of the Kent Downs AONB Management Plan are therefore the adopted policies of all the Local Authorities in the Kent Downs.

On 22nd November 2023, all AONBs in England and Wales were renamed National Landscapes. The Kent Downs National Landscape is the new name for the Kent Downs AONB.

Beautiful, thriving landscapes that everyone feels part of.

The national Planning Policy Guidance, 2019, confirms that Management Plans can be a material consideration when assessing planning applications ([Paragraph: 040 Reference ID: 8-040-20190721](#)) and this view is confirmed in previous appeal decisions, including APP/U2235/W/19/3232201, Cossington Fields Farm North, Bell Lane, Boxley, Maidstone where at paragraph 5 of the Inspectorate's decision letter it is stated that "I am mindful of the policies contained within the Kent Downs AONB Management Plan (2014-2019) requiring development to conserve and enhance natural beauty of AONB to which I attach substantial weight." The decision can be downloaded at:

<https://acp.planninginspectorate.gov.uk/ViewCase.aspx?caseid=3232201>

Any Kent Downs National Landscape Unit response to consultations on planning applications will reflect the policies of the Management Plan along with other Kent Downs National Landscape produced guidance which help support the delivery of the principles of the Management Plan, as set out below.

Other Kent Downs AONB/National Landscape Guidance

[Kent Downs AONB Guidance on the selection and use of colour in development – Guidance](#)

The purpose of this guidance is to provide guidance on the selection and use of colour for building development within the National Landscape and its setting. 'Development' includes any building work, ranging from home extensions and conversions through to house building, agricultural and industrial premises, and retail and office buildings. It also includes infrastructure developments associated with transport, flood defences, power generation and distribution, communications and other utilities.

[Kent Downs Landscape Design Handbook](#)

Design guidance based on the 13 landscape character areas in the Kent Downs. Guidance is provided on fencing, hedges, planting, gateways etc. to help the conservation and enhancement of the AONB.

[Kent Downs Renewable Energy Position Statement](#)

Provides a clearly articulated position for the Kent Downs AONB partnership with regards to renewable energy technologies. It recognises that each Local Planning Authority must balance the impact of proposals for renewables on the AONB with all the other material planning considerations.

[Kent Rural Advice Service Farm Diversification Toolkit](#)

Guidance on taking an integrated whole farm approach to farm developments leading to sound diversification projects that benefit the Kent Downs.

[Kent Downs Land Manager's Pack](#)

Detailed guidance on practical land management from how to plant a hedge to creating ponds and enhancing chalk grassland.

[Rural Streets and Lanes - A Design Handbook](#)

Guidance on the management and design of rural lanes and streets that takes the unique character of the Kent Downs into account. This document discusses the principle of shared

On 22nd November 2023, all AONBs in England and Wales were renamed National Landscapes. The Kent Downs National Landscape is the new name for the Kent Downs AONB.

space and uses examples from around the UK and Europe. The Handbook has been adopted by Kent County Council as policy.

[Managing Land for Horses](#)

A guide to good practice on equine development in the Kent Downs, including grassland management, fencing, trees and hedges, waste management and basic planning information.

[Kent Farmstead Guidance and Kent Downs Farmstead Guidance](#)

Guidance on the conservation, enhancement and development change of heritage farmsteads in the Kent Downs based on English Heritage's Kent and National Character Area Farmstead Statements. Includes an Assessment method and Design Guidance.

[Kent Downs Setting Position Statement](#)

An advisory document providing guidance on issues of setting including the legislative basis for considering setting, identification of where setting is likely to be an issue and provision of advice on how to mitigate potential impacts.

The NPPF and AONBs

National planning policies are very clear that the highest priority should be given to the conservation and enhancement of Areas of Outstanding Natural Beauty. The NPPF confirms that AONBs are equivalent to National Parks in terms of their landscape quality, scenic beauty and their planning status.

Paragraph 182 of the revised NPPF specifies that 'great weight should be given to conserving and enhancing landscape and scenic beauty in National Parks, the Broads and Areas of Outstanding Natural Beauty, which have the highest status of protection in relation to these issues.' It is advised that the scale and extent of development within AONBs should be limited. Paragraph 183 of the NPPF states that major developments should be refused in AONBs except in exceptional circumstances and where it can be demonstrated that they are in the public interest. No definition is given as to what constitutes major development within an AONB, however a footnote to this paragraph states that this is 'a matter for the relevant decision taker, taking into account its nature, scale and setting, and whether it could have a significant adverse impact on the purposes for which the area has been designated or defined'.

NPPF paragraph 11 explains the presumption in favour of sustainable development. For decision-making this means that proposals in accordance with the development plan should be approved. Part d says that where there are no relevant development plan policies or the relevant ones are out of date (for instance in applications involving new housing where there are housing supply or delivery deficits) then permission should be granted unless:

- "i. the application of policies in this Framework that protect areas or assets of particular importance provides a clear reason for refusing the development proposed⁷ ; or
- ii. any adverse impacts of doing so would significantly and demonstrably outweigh the benefits, when assessed against the policies in this Framework taken as a whole".

On 22nd November 2023, all AONBs in England and Wales were renamed National Landscapes. The Kent Downs National Landscape is the new name for the Kent Downs AONB.

Beautiful, thriving landscapes that [everyone](#) feels part of.

Areas of Outstanding Natural Beauty are listed in footnote 7 and the most relevant policies in the Framework are paragraphs 182 and 183. A recent court of appeal case¹ confirms that, if a proposal causes harm to an AONB sufficient to refuse planning permission if there were no other considerations, then the presumption in favour (or 'tilted balance' expressed in ii) above) should be disengaged. The decision-maker should therefore conduct a normal planning balancing exercise, applying appropriate weight to each consideration, to come to a decision. This will of course include giving great weight to the AONB as required by NPPF paragraph 182.

¹ Monkhill Limited vs Secretary of State for Housing, Communities and Local Government and Waverley Borough Council Case No: C1/2019/1955/QBACF

On 22nd November 2023, all AONBs in England and Wales were renamed National Landscapes. The Kent Downs National Landscape is the new name for the Kent Downs AONB.

Beautiful, thriving landscapes that everyone feels part of.
