Please explain what your association's local connection is.

Parish Council

Please note the following in relation to Community Nominations from Parish Councils (Reg 5(b)) –

A Parish Council making a Community Nomination in respect of land in its parish does not need to show a local connection (s.89(2)(b)(i)).

A Parish Council making a Community Nomination in relation to land in another parish has a local connection if the two parishes share a common boundary at any point. (Reg 4(2)(a)).

A Parish Council making a Community Nomination in relation to land which is not within a parish has a local connection if the parish is in the borough of Ashford or (if the parish council is outside the borough, it shares a common boundary with the borough of Ashford) (Reg 4(2)(b)).

Names and current or last known addresses of all those owning a freehold interest in the land / buildings (s)	Churchill Property Trading Ltd	1 Waters Edge Marlow Bridge Lane Marlow SL7 1RJ
Names and current or last known addresses of all those owning a leasehold interest in the land / building(s)		

Please answer wither B4 or B5 below -

B4 For Land / building(s) currently in use for community benefit – why you think the land / building(s) is of community value

1. What is the current main use of the land / building(s)
Currently vacant with no permission for change of use.

2. How does that current main use of the land / building(s) further the social wellbeing or social interests of the local community (defined in s.88(6) of the Act)

The Honest Miller, when open, provides a centre to the Village, it is a hub as the Village has no shop or other pub/restaurants. The local groups including the nearby Museum use the pub as a place for social gatherings/Christmas parties.

3. Why do you consider that this, or some other main use to which the land / building(s) will be put which will further the social wellbeing or social interests of the local community, will continue and over what period (defined in s.88(6) of the Act)

It is hoped that the pub, with new tenants would provide a social hub to the village again, providing the rurally deprived parish a meeting place and a place to socialise.

B5 For Land / building(s) not currently in use for community benefit (s.88 (2) of the act)

Please answer the questions below

1. If the land / building(s) main use in the recent past furthered the social wellbeing or social interests of the local community please confirm that use and explain how it did that (including dates for when this was) (defined in s.88(6) of the Act)

As above – the pub closed in early 2020 and obviously Covid has caused problems reopening this as a public house but it is very much hoped that the pub will reopen as a pub/restaurant.

2. How do you anticipate that the land / building(s) will be returned to that use or put to some other main use which will further the social wellbeing or social interests of the local community and when do you consider this will happen

The property was recently purchased and with no change of use application, clearly the intention is to reopen this community asset
