Dear Mr Cole

POLICY S60 – SUSTAINABILITY APPRAISAL (SA)

The Council acknowledged at the hearing session on 17 May (PM) that a full appraisal for site S60 – St Michaels, Land at Pope House Farm – had not been included in the SA documentation. It was indicated however that an appraisal had been carried out and was available.

As discussed at the hearing, this document should now be published on the Council's website and an opportunity given for interested parties to comment on this additional evidence.

We suggest that as a minimum those who attended the relevant hearing and who made representations on this site should be invited to make comments. Clearly, we would have no objection to you inviting comments from any other parties you feel would be appropriate or necessary. We also suggest allowing 3 weeks for any comments to be received. These should be published on the web page.

If there are any comments or queries about the matters raised above then please contact us via the Programme Officer.

David Smith

Steven Lee
