2. How does that current main use of the land / building(s) further the social wellbeing or social interests of the local community (defined in s.88(6) of the Act)

3. Why do you consider that this, or some other main use to which the land / building(s) will be put which will further the social wellbeing or social interests of the local community, will continue and over what period (defined in s.88(6) of the Act)

B5 For Land / building(s) not currently in use for community benefit (s.88 (2) of the act)

Please answer the questions below

1. If the land / building(s) main use in the recent past furthered the social wellbeing or social interests of the local community please confirm that use and explain how it did that (including dates for when this was) (defined in s.88(6) of the Act)

The George is the only pub in the Parish and prior to closures, it was an important centre and regular meeting place for our community. Clubs like the Folk Club, running club, and several others would love to return to it as a venue. One off events; Christmas fair, Quizzes, Band nights have been well supported and should be a basis for reopening. We are an active community missing a central point especially this year with the WW2 connections. The pub features WW2 airman's signatures it has been closed for almost two years.

2. How do you anticipate that the land / building(s) will be returned to that use or put to some other main use which will further the social wellbeing or social interests of the local community and when do you consider this will happen

The pub was damaged in November 2023 by a storm and issues with planning and need for other repairs has kept it closed for too long. Work progresses slowly and we would be delighted to see it finished and reopened as a pub as soon as possible.
